

Diamond Boosters is a booster club that supports the baseball and softball programs at Churchill High School, and our newest division of future Churchill Lancers, our Diamond Fastpitch teams ranging in ages from 8 to 16 years old. Diamond Fastpitch provides highly qualified volunteer coaches for our youth program, who instill the same philosophy that Diamond Boosters was founded on. The philosophy to instill a love and respect for the game in every player, encourage and promote good sportsmanship and team unity, and most of all focus on teaching our athletes not only the fundamentals of the game physically, but also the mental aspect of the game. We never turn away an athlete due to not being able to afford the fees to play. We are reaching out to our local businesses, family, friends and the community to seek donations to help support our Diamond Fastpitch program.

- **History:** Diamond Boosters is a 501c3 organization (tax exempt status) which consists of parents and coaches working together to enrich the lives and experiences of Churchill's baseball and softball athletes. In 2019 the parents of Churchill High School softball and baseball athletes saw a need for support not only for the athletes but also for the coaches of Churchill. They joined together and Diamond Boosters was formed. We are not your typical booster club, although one of our priorities is to help with funding, we also help the coaches manage their teams from player and parent communication, uniforms, picture day, game and practice schedules, collections of player fees, funding our scholarship funds, and many more tasks. It takes a village and every coach needs a village to help manage their team. Our main goal is to assist in every aspect so that the coaches' primary focus is to coach, and not worry about all the other tasks that go along with managing a team. Diamond Boosters is approved by the 4J School District as an approved non profit organization who has access to Churchill High School softball and baseball facilities. Diamond Boosters is not affiliated and or mandated by 4J School District or Churchill High School. Although the facilities are owned by the 4J School District, the equipment and team gear is owned by Diamond Boosters.
- **Budget/Expense:** We are solely a non profit organization and operate only with the help of volunteers, which includes the coaches who are also volunteers. The softball and baseball programs each fundraise approximately \$15,000.00-\$17,000.00 a year, which is the amount required to keep our programs from going into the red zone financially. Both programs maintain their fields themselves which includes, mowing, turf, gravel areas, dugouts, and any other repairs and or improvements not supported by the 4J School District. Our fundraising is solely through donations, sign sales, summer camps and working concessions or clean up for University of Oregon athletic events. We want our athletes to be involved in the fundraising process whether it is manual labor or helping coach the younger athletes at multiple camps or clinics which is something both programs run throughout the year.
- **Donor Opportunities:** 2023 sponsorship and donor opportunities for our Diamond Fastpitch softball program are attached.
- **Financial/Accounting:** Diamond Boosters follows all rules, regulations and guidelines when it comes to the financial aspect and or checks and balances. We follow the strict procedures and recording guidelines set to be a non profit organization along with the rules and procedures to maintain our tax exempt status certificate. We are transparent and always practice an open book policy.

In closing, we are **PROUD** to be a member of the Diamond Fastpitch organization and we thank you again for your consideration in helping support your local **DIAMOND FASTPITCH ATHLETE**. Attached is a list of donor opportunities for you to choose from. Your support helps our young athletes achieve so much more than playing softball..

Thank you for your consideration and your time,
Diamond Boosters
